

AYUSH AGARWAL

B.Tech Computer Science & Engineering

Gwalior, Madhya Pradesh, India • ayushagar0101@gmail.com • Phone: [6388091699] • GitHub: [https://github.com/ayushagar0101-svg]
• LinkedIn: [https://www.linkedin.com/in/ayush-agarwal-a93228380/]

SUMMARY

Computer Science undergraduate with hands-on experience in web development, databases, and programming. Strong foundation in Java, C++, SQL, DBMS, OOP, and Data Structures & Algorithms, with practical project experience building full-stack and database-driven applications. Interested in software development and AI-enabled applications, with a strong focus on learning and problem solving.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science & Engineering

ITM University, Gwalior | 2025 – Present

- Relevant coursework: Data Structures & Algorithms, DBMS, Object-Oriented Programming, Web Technology, Computer Organization & Microprocessors.
- Technical focus: Java, C++, Python, MySQL, HTML, CSS, JavaScript, Node.js and Express.js.

PROJECTS

Campus Facility Booking System

Full-Stack Web Application

- Developed a web-based system for managing and booking campus facilities with a structured backend and MySQL database.
- Designed database tables and relationships for users, facilities, bookings and related records; implemented CRUD and SQL operations.
- Used Git and GitHub for source-code management and project version control.

Hotel Booking Website

Web Development Project

- Built a responsive hotel-booking interface focused on clear navigation, room information and user-friendly booking flow.
- Applied HTML, CSS and JavaScript for the frontend and connected application logic through backend technologies.

Healthy Lifestyle Tracker

Application Concept / PBL

- Planned a digital platform to help users track healthy habits and lifestyle activities through a simple, accessible interface.

TECHNICAL SKILLS

Languages

Java, C++, Python, SQL

CS Fundamentals

OOP, DSA, Computer Organization, Microprocessors

Web

HTML, CSS, JavaScript, Node.js, Express.js

Tools

Git, GitHub, VS Code, Microsoft Office

Database

MySQL, DBMS, SQL queries, ER modeling

AI / Learning

Generative AI, prompt-based AI tools, continuous DSA practice

CERTIFICATIONS & ACTIVITIES

- Completed a DBMS course through Scaler, strengthening practical SQL and database concepts.
- Completed a Generative AI course and explored AI tools and application-oriented workflows.
- Completed a Responsible AI course and explored AI tools and application-oriented workflows.
- Actively practicing Data Structures & Algorithms and solving programming problems in Java.
- Built academic/PBL projects and gained experience with GitHub-based project collaboration and deployment workflows.
